

5th joined IFIP Wireless and Mobile Networking Conference

19-21st September 2012, Bratislava, Slovakia

Workshop

5th Joint IFIP Wireless Mobile Networking Conference (WMNC'2012) is sponsored by IFIP TC6.

WMNC'2012 combines the 17th PWC (Personal Wireless Communications conference), the 14th MWCN (Mobile and Wireless Communication Networks conference), and the 6th WSAN (Wireless Sensors and Actor Networks conference) into one event. It will be held from 19th to 21st September 2012 in Bratislava, Slovakia.

In addition to the main Tracks the Workshop Steering Committee is calling for papers for the following Special Session with focus on the following topics:

Special Session: HBB and Smart Room Technologies

(Special Session Chair: Gregor Rozinaj)

- Hybrid systems for Broadcast and Broadband Technologies
- Intelligent Communications
- Smart Rooms
- Sensor Networks and MIMO Technology for Smart Rooms
- HCI for Advanced Communication Systems
- Multimodal Interface
- Hybrid, IPTV and Smart Room Services
- Evolution towards Future Networks

WMNC'2012 provides forum for discussion between researchers, practitioners and students interested in new developments in mobile and wireless networks, services, applications and mobile computing. WMNC'2012 includes three tracks focusing on (but not limited to) the following topics:

Track 1: Wireless and Mobile Communications and Networks

Track 2: Wireless Sensor and Actor Networks, Ad hoc Networks

Track 3: Applications and Services over Wireless and Mobile Networks

For detailed information about the main Tracks please see the Conference's original Call for Papers.
